The best results are underpinned by careful planning, and such strategies should take advantage of the latest and best technology, must be creative and inspire genuine relationships whilst delivering ROI

1. OUR APPROACH

At Click Consult, we make it our mission to recruit for a range of core values alongside relevant skills and experience. Our commitment to continually invest in research and development, combined with our industry expertise and a drive to lead rather than follow, places us in a unique position to deliver search marketing excellence.

We believe every strategy must be uniquely tailored to each individual client, and our constantly expanding group of experts combine to execute an integrated approach focused on delivering ROI. Beginning with a complete audit of existing resources, together with thorough research, Click Consult is able to provide a bespoke, data-driven strategy for success.

To do this we use market-leading technologies – and when they don't meet our exacting standards or requirements, we create our own. Our suite of TRAX technologies offers us industry-leading insights as well as real time tracking of campaign progress – meaning quality search marketing is delivered flexibly and responsively. At Click Consult we are making a science of search marketing.

On this foundation of technical excellence, Click Consult builds creative campaigns – whether in paid, owned or earned media, we offer highly talented creatives at each step of every campaign. Whether our clients require content marketing, ad copy or social media amplification, we believe creativity is key wherever content is king.

Long-term search marketing success is built on quality relationships. From our internal relationships and those built with external publishers, to those we have nurtured with our clients, we maintain transparency, ethics and honesty in all our partnerships that deliver an impressive ROI for our clients.

By choosing our experts at Click Consult to take ownership of your bespoke search and inbound marketing strategies, you will enter into a productive relationship with the ultimate goal of maximising your company's return on investment.

While managing your search marketing, we will monitor and adapt your online strategy, aiming to surpass your expectations at every stage

2. OUR FOCUS

Return on Investment for clients We understand that you want to see a return on your investment, so we constantly monitor and regularly adapt your online strategy to put you in the strongest position to maximise your revenue.

Achieving results We hope that working with Click Consult will be a long-term relationship and we understand that the only way to guarantee this is to deliver results. While managing your digital marketing requirements, we will constantly set new goals and aim to surpass your expectations.

Client relationships Conversation is key and in order to fulfil your brief, we must talk with you and listen to you. We will remain vocal throughout the relationship; highlighting areas that we feel will benefit your business.

Transparency Honesty truly is the best policy and at Click Consult that's exactly what you'll get. We are a conscientious partner to work with, continually assessing your needs and raising the points we feel will help achieve maximum results. We also offer you an insight into how we work so that you feel at ease within the partnership.

Maintaining our status as a thought leader We strive to maintain our position at the forefront of our industry and continue to be a thought leader. One of the ways in which we have achieved this, is by producing a premium range of eBooks and whitepapers based on technology, research and industry best-practices. This helps to position us at the forefront of search and inbound marketing and helps us to stand above our competitors.

We invest in industry-leading software and the latest cutting-edge technologies to help achieve impressive results for our clients

7. TRAX TECHNOLOGIES

While we employ the industry's leading technologies there are some tools that simply don't exist or are not up to our high standards. As such we developed our TRAX technologies in-house to create efficiencies and improvements that are not available anywhere else.

Our suite of 5 technologies analyse over 75 SEO factors in seconds, continuously monitor and analyse our clients' outreach activity, dynamically optimise shopping feeds, calculate the optimum distribution of budget and provide real-time client reporting.

pro **TRAX**[™]

proTRAX[™] allows our team of search marketing experts to distribute budget across campaigns and channels in the most efficient way. The tool uses live, historic and industry average data from several sources and uses a bespoke algorithm to run 1,000s of scenarios to determine the optimum budget for each channel.

monitor **TRAX**[®]

monitorTRAX[™] allows our team of organic search experts to analyse data about any website quickly and accurately in a single place. The tool analyses 75+ off-page and on-page factors to flag issues and opportunities that are used to inform client strategies. It is also under continued development so you can be sure that every possible factor can be analysed.

feed **TRAX**[™]

We can boost the performance of your Google Shopping Campaigns with our feedTRAX[™] technology, which allows us to dynamically optimise elements of your product feed, increasing the potential for your products to rank higher and reducing average CPC.

rank **TRAX**[™]

rankTRAX[™] is our in-house keyword monitoring platform that provides our clients' with real-time access to their overall keyword performance and current rankings across Google. Our system evaluates 20+ metrics to present a comprehensive summary of our clients' search visibility.

link **TRAX**[®]

Developed in-house, linkTRAX[™] is our bespoke outreach management platform, used by our organic search experts to monitor, analyse and track our clients' outreach activity. The platform provides real-time data surrounding the quality and longevity of our outreach activity, ensuring that our link placements remain active and continue to have a positive impact on our clients' organic search visibility.

page **TRAX**[™]

pageTRAX is Click Consult's answer to the inherent problems of internal linking. Using an algorithm modelled on Google's early PageRank, the tool calculates the performance of all a site's links, prioritising and rating them for importance – allowing you to build a comprehensive internal linking strategy.

Account management is about adding value through strong relationships and can be the difference between meeting and exceeding expectations

8. ACCOUNT MANAGEMENT

At Click Consult we view our strong account management team as the essential link between proactive strategy and effective delivery. We believe that the success of any search marketing campaign will be underpinned by effective communication and collaboration.

Your Account Manager will be carefully selected based on the following:

- industry experience
- well-suited with your business
- compatibility with the key people involved with the campaign

Your Account Manager will have the necessary skills, knowledge and personality to drive your campaign forward. They all have a desire to understand your business, your competitors and what other marketing activity you are undertaking to ensure it dovetails into our strategy.

On a day to day basis your Account Manager will be your main point of contact, however when required they will also be able to draw upon the vast wealth of experience within Click Consult. As a result, we developed our peer review system that sits between our Account Management and delivery teams to ensure that our clients' strategies are accurate and performing well against set objectives.

Our Management Structure

Strong channels of communication are at the core of everything we do.

We understand that real progress cannot happen unless everybody points in the same direction, this can only be achieved via effective communication

9. COMMUNICATION STRATEGY

To ensure we are all working together on your campaign your Account Manager will agree a communication plan before any work is started. We will agree the type and frequency of communication, in order for the strategy to fit in with your way of working.

In line with your communication plan your Account Manager will adhere to a simple, yet effective communication strategy which covers:

- Pre and post meeting activity (agendas and minute/action points)
- Email response time
- Call response times
- Real-time visibility of workflow
- Monthly reporting
- Project strategy

This strategy, when coupled with your specific communication plan is designed to provide regular updates on progress, manage expectations effectively and most importantly provide you with the necessary assurances that your campaign is in safe hands.

Throughout your project you will receive regular updates and reports detailing all aspects of your current campaign against your objectives

10. REPORTING

At Click Consult we pride ourselves on producing some of the most comprehensive reports available in the marketplace. We use technology to allow us to analyse your current performance and therefore have a significant amount of data at our disposal, our skill lies in presenting it in such a way that you have total visibility on the progress of your campaign.

We will then use our findings to provide you with bespoke recommendations on how we see your strategy progressing and highlight any areas that we would like to focus on moving forwards.

As agreed in your communication strategy, you will receive regular updates from your Account Manager detailing all aspects of your current campaign. We will produce monthly report which will review the month's data and also looks at future plans and opportunities.

At Click Consult we tailor our reporting to fit in your business requirements and also, when required, can produce bespoke reports to help to support your internal marketing communications.

Your reports will be populated with data from numerous sources including, but not limited to, AdWords, Google Analytics, Searchmetrics, Ahrefs and Moz. The data will then be used to analyse performance month on month and year on year as to eliminate any type of seasonality when reviewing campaign progress.

Once delivered, our monthly reports are always supported by an in depth meeting or call to discuss key findings, concerns, opportunities and any identified trends within your campaign progress.

At any stage throughout your project you will be able to discuss campaign progression or raise any queries you may have

11.0 CUSTOMER SERVICES AND SUPPORT

Our office working hours are Monday to Friday 9am - 5pm and details of your Account Manager, Head of Account Management, Client Success Manager and Client Services Director will be provided in your communication plan.

At any stage throughout your project you will be able to discuss campaign progression or raise any queries you may have. Contact can be made through the following contact information:

- The telephone number for Click Consult HQ is **0845 205 0292**
- Your Account Manger's office and mobile number will be provided in the initial briefing meeting as standard
- Any further enquires, queries or complaints can be escalated to **clients@click.co.uk** which will be forwarded to our senior management team who will endeavour to respond within a 24-hour working day timeframe

During your onboarding process, we will comprehensively talk you through our monthly financial and invoicing process

12. FINANCE PROCESS AND INVOICING

All regular monthly invoices are raised on the 1st of each month for the following month's fees, with 30-day payment terms. For example, an invoice will be raised on 1st June for July fees.

Initial invoices, however, will be pro rata from the contract start date to the end of that month with immediate payment terms. For example, if your contract start date is 10th June, the invoice will be calculated from 10th – 30th June. The invoice to cover the following month's fees will also be issued at that time and payment terms will be in line with payment being received on the 1st of that month.

Invoices for additional fees or one-off charges will be issued the day this is processed. Payment terms will vary. However, in the majority of cases, we will require immediate payment.
